

Elizabeth and Ken, you are a great team! The four of us had a great time, brought back plenty of fish and even learned some things! Elizabeth, you are a class act with all the extra touches. Your attention to details was superb..

Ken worked his arms off, rowing us back up the Kenai, over and over again, trying to find more fish. We especially loved his famous quotes and great laugh..

I really enjoyed our stay at your cool place. I appreciated the ambiance, great breakfasts, great fishing, and most of all your accommodating manner and cheerfulness capped off the entire experience..

There are really no words to say how much we appreciated your awesome hospitality! From the great fishing, to the great food, it was an amazing trip.

If only everyone treated the natural resources like you do, there would be no problems on the river! We'll be back!

I wanted to tell you both that I have never enjoyed a relaxed experience quite like the one you have treated me to. You are both incredible and I have found it to be like returning to friends from days gone by..you made my small vacation, a real trip to paradise..

Thanks for an amazing experience! Wow! I caught a 50 lb. halibut out of a drift boat! You can't top that! Looking forward to a future trip with my boys..
